

QUALITY POLICY

Our Commitment:

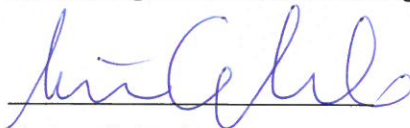

To provide customers with advanced aerial and terrestrial surveying solutions services that always meet and, where possible, exceed our business objectives and customer requirements. The requirements of our clients are effectively collected to ensure that Technometer Middle East Work measurement and Space L.L.C. can achieve customers' expectations.

Our Objective:

- Ensure that the Quality Policy is appropriate to the purpose and context of the organization and supports its strategic direction.
- Establish a Quality Management System (QMS) in line with the requirements of ISO 9001:2015 standard. The QMS is an integral part of our process management, and we are dedicated to its continual improvement.
- Provide our customers with high quality services, combining the performance, reliability, value, and delivery that meet applicable requirements.
- Everyone is responsible for quality, expected to deliver efficient and flawless execution in all roles.
- Develop employee competencies, empowerment and accountability through strong management engagement and commitment.
- Provide framework for setting quality objectives at all functions, levels and processes needed for quality management system.

The Quality Policy is communicated, understood, and applied within the organization and made available to relevant interested parties.

The effectiveness of the quality management system is periodically reviewed through internal audit and management review meetings.

Matteo Colombo
General Manager
